

Mickey Cox

2022-2023

Criteria for Earning

BLOCK MC and ALL-STAR AWARD

“Work Hard, Play Fair, and Take Care of Each Other!”

The Block MC and All-Star awards are two of the most prestigious awards a student may earn at Mickey Cox. These two levels recognize those students who have set goals for themselves. These awards are available to fourth, fifth and sixth grade students and are awarded at the end of each semester.

The purpose of these awards are to recognize those well-rounded individuals who exemplify the qualities that Mickey Cox hopes to foster in all of its students, namely: **(1) the desire for self-improvement; (2) dedication and commitment in reaching for goals; (3) concern for and service to others; and (4) the willingness to be a positive role model to others.**

We appreciate the input and participation as we work to make the concept of this award meaningful to students and an important thread in the fabric of our educational program.

It is our hope that all students will actively pursue one of these awards, making it a part of their planning for their total school experience. Whether or not the student receives the award, **striving for it will hopefully enrich and enhance the student's educational foundation.**

Co-curricular activities are a vital part of our total school program. In addition to providing a variety of learning experiences for students, they are also important in building character and shaping attitudes.

Planning and commitment are the key factors in earning this award, not necessarily ability and talent. This handbook outlines the criteria for achieving the BLOCK “MC” AWARD. We hope that it will be useful to parents, teachers and students working together in the pursuit of this worthwhile goal.

It is the student's responsibility to have points verified by a teacher's initials on the Block MC form. Only teachers that are responsible for supervising an activity may verify student participation, e.g. vocal music may only be verified by the vocal music teacher. Forms will be turned in to the classroom teacher for validation on or before the designated due date and returned to the student at the end of each semester.

1st Semester Due Date: Friday, January 13, 2023

2nd Semester Due Date: Friday, May 12, 2023

Mind

A student MUST participate in either science fair or history day to achieve Block MC.

Scholarship:
